To Whom It May Concern:

The Norton Redevelopment and Housing Authority wants to personally thank you for the outstanding job your Project Supervisor, Joseph Lella, did managing the project for the Norton Redevelopment and Housing Authority (NRHA – CF-2025-001). From the very beginning, his commitment, leadership, and work ethic stood out, and it was clear that he genuinely cared about delivering the best possible outcome.

Construction projects always come with unexpected challenges, but he handled each one with confidence, professionalism, and a positive attitude. No matter what came his way, he found solutions, kept the construction team focused, and made sure the project continued moving in the right direction.

The success of this project is a direct reflection of his dedication and the pride he takes in his work. Because of his leadership, this project was completed with a level of quality and professionalism that everyone involved can be proud of.

It has truly been a pleasure working alongside him. He earned my respect not only as an outstanding Project Supervisor, but also as someone people can rely on and enjoy working with.

Thanks to your company and Joseph Lella, this project was a great success.

Congratulations on a job exceptionally well done. I look forward to the opportunity to work with you again and wish you continued success in all your future projects.

With sincere appreciation,

Kimberly Clisso
Executive Director
